## **Ocean County Council for Young Children (CCYC)**

CCYC is a group of parents and community partners who share ideas and resources. We influence change to make the community a healthier place to raise our children.

In CCYC we build stronger connections for children and families. All parents with interest in the following areas are welcomed:

**Education:** CCYC provides Educational workshops for the needs of both parents and Children, and shares service providers.

**Health:** CCYC partners with guest speakers to promote family's health and wellness and increases awareness concerning health related issues.

**Art & Recreation:** CCYC collaborates with art and recreation partners to bring events, activities and more to all family members.

**Make a difference:** CCYC can help you make a difference on the children in your life

**Open to all** parents & community members who live, work & care about children of Ocean County

**Join us to learn how to make a difference in our community today! Please fill out this form and turn it back to us to receive the benefits of the CCYC program.**
