We Are A Community

What is a County Council? The County Council is a place where parents and community are able to work together to make ideas and affect change to make the community a healthier place to raise a child. The County Councils are a place where parents can come together to discuss community partners to share and learn about issues that affect the health, education and well-being of their children, from pregnancy to age 5.

All these meetings, families and community members will:

- Share Ideas, Opinions and Solutions
- Support Each Other
- Build Strong Communities & Families
- Make a Difference
